MEMORANDUM FOR PROCLTR DISTRIBUTION LIST

SUBJECT: Interest Rates

The attached tables show the latest quarterly and semiannual interest rates established by the Secretary of the Treasury for pre and postaward Government contracts:

a. **Quarterly Interest Rate (July 1 - September 30, 1998)**--remains 7 percent for overpayments; 8 percent for underpayments (Attachment 1) --Used to compute interest on overpayments for Government contract price adjustments, including defective pricing. The Quarterly Treasury rates are issued in Internal Revenue Service (IRS) news releases made approximately 15 days prior to the start of each calendar quarterly period. Shortly thereafter, they are made available on the IRS Newstand (<http://www.irs.treas.gov/news/nandf.html>). Select the latest release under the topic "Quarterly Interest Rates" and click the "Retrieve Selected File" button to view or download.

b. **Semiannual Renegotiation Act Interest Rate (AKA Prompt Payment Rate)(July 1 - December 31, 1998)**--declined 0.25 percent to 6 percent (Attachment 2)--Used to compute interest applicable to determinations under the Contract Disputes Act, the Prompt Payment Act, and for standard clauses requiring interest determinations. The Cost Accounting Standards (CAS) utilize this rate in calculating the cost of money for facilities capital (CAS 414); present value of future benefits for deferred compensation (CAS 415); the alternate rate for present value of future payments for losses for insurance costs (CAS 416); and the cost of money for capital assets under construction (CAS 417). A listing of the current and prior rates are also available at <http://www.publicdebt.treas.gov/opdprmt2.htm>.

This PROCLTR is effective immediately and expires when superseded, but in no event later than 1 year after the issue date. PROCLTR 98-02 is hereby canceled. PROCLTRS are available for view or download from our web page (<http://dlanet.dla.mil/procregs/regs.htm>).
